### Baden

Baden, once an imperial summer residence, where the Romans used to bathe in sulfur springs long before, today is a modern spa town on the edge of the Vienna Woods, inviting visitors to relax and enjoy themselves.

Through connection to the most important Austrian traffic routes, nearby cities such as Vienna are reached easily and quickly.

### Your hotel

The Hotel Schloss Weikersdorf is situated in the middle of Doblhoffpark with its famous Rosarium, a rose garden in French style. The center of Baden as well as the spa and thermal spring facilities, such as the Kurhaus Baden are only a few minutes' walk away from the charming hotel.
